DATA PROTECTION OFFICER SERVICES

Your Data Protection Officer, without the full-time hire.

Organisations that process personal data in Zimbabwe must be licensed with POTRAZ and appoint a Data Protection Officer under the Cyber and Data Protection Act [Chapter 12:07] and S.I. 155 of 2024. Taryntech can fill that role for you and keep you compliant.

What you get

DPO as a service
A named, qualified Data Protection Officer acting for your organisation.

POTRAZ licensing
Help preparing and submitting your data controller licence, and keeping it current.

Data audits and DPIAs
We map what personal data you hold, where it is, who can see it, and the risks.

Policies and notices
Privacy policies, consent forms, retention schedules and breach procedures.

Staff training
Practical sessions so your team handles customer, staff and CCTV data correctly.

Breach response
A clear plan, and hands-on support if an incident happens.

Why it matters

Licence
POTRAZ data controller licensing handled

Evidence
an audit trail ready for the regulator

Training
staff who know what to do

Not sure where you stand? Book a short assessment call. Email dpo@taryntech.co.zw or use the form at www.taryntech.co.zw.
